

Parent Guide - Logging in to TALAXY

Introduction to Talaxy

Talaxy is the information system we use to inform you of pupil behaviour and progress. Teachers, parents and pupils use it to manage the ever-growing information required in daily school life.

How do I access Talaxy?

You will receive an email inviting you to sign up for Talaxy. Simply click on the link in the email to create your account. You can register using your email address or sign in with Google, Facebook etc.

Once you have signed up and verified your account you can access the site at any time by visiting:

<https://stpeters.talaxy.app>

Is there an app I can install?

Talaxy is a progressive web application. This means no app updates or incompatibilities and it offers the same functionality regardless of the device you use. You can install it as an app on your mobile or desktop device as follows:

Android

On your Android device, open Google Chrome.

Go to Talaxy <https://stpeters.talaxy.app>

Tap the three dots at the top of the screen and Install.

Follow the onscreen instructions.

Apple

On your iPhone or iPad, open Google Chrome "".

Go to Talaxy <https://stpeters.talaxy.app/>

At the top right of the address bar, tap Share "".

Find and tap Add to Home Screen.

Confirm or edit the website details and tap Add.

Check you have notifications enabled too.

Click on the person icon in the top right of the app.

Click on your name.

Click on Subscribe.

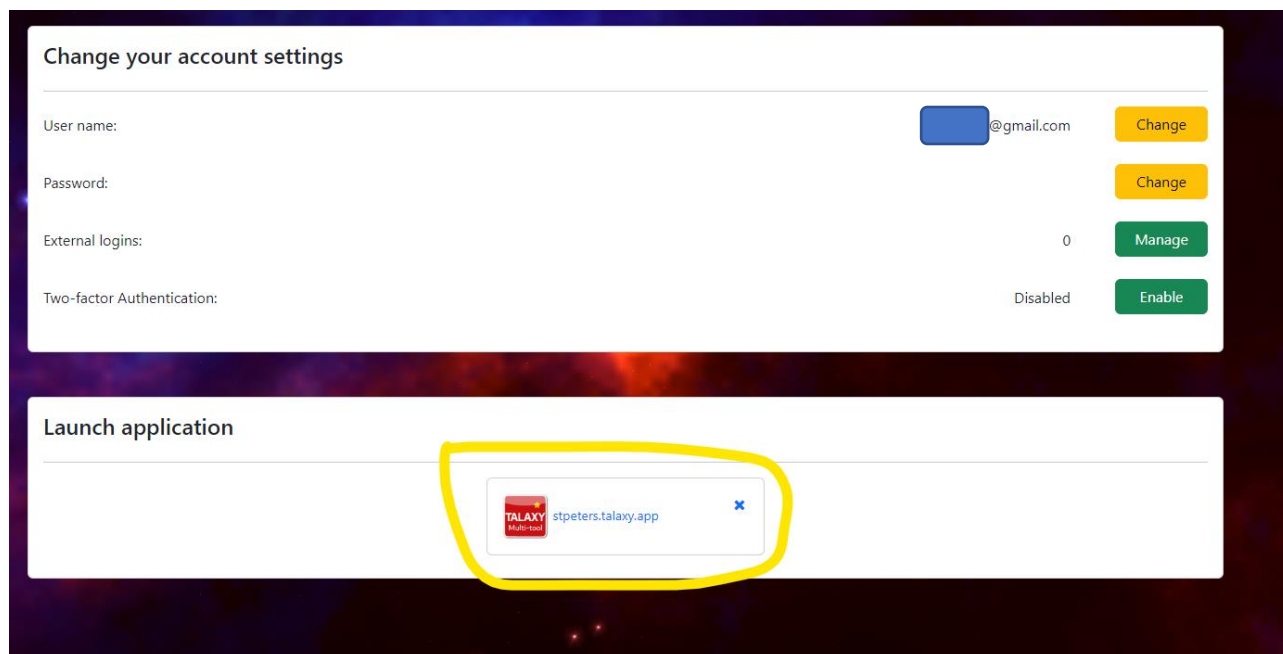

That's it, you are all set up and ready to go!

New account

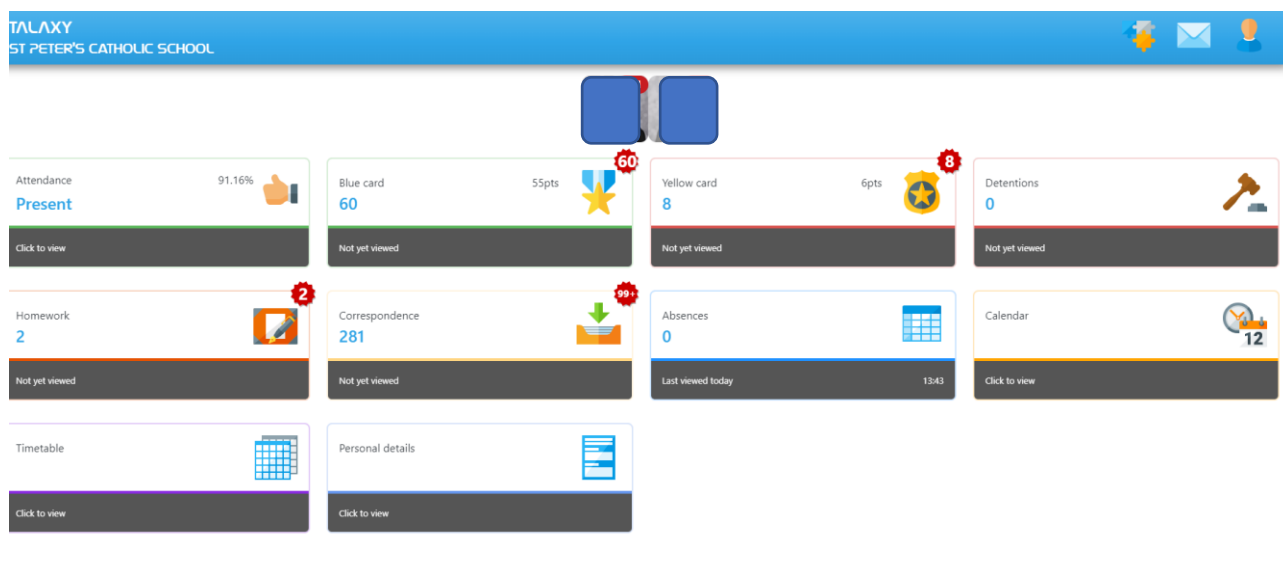

- Clicked on link from email and you will get this screen. Selected register new account

- Then you should get an email to confirm your account

- Please create a password at least 12 characters long and you get the screen below and selected the launch application.

- Once you clicked on the launch you get the galaxy picture and click Login on the top right
- Once you clicked it you will get the home page with your child(ren) photos and you can toggle between them

- Below is a screenshot of the homepage that you will see. It is self-explanatory. It is worth checking out each area, so you are familiar with it. Any icon with a red circle and number in the corner has unread notifications.
